INFORMALS

EVENT NAME: KNOW IT ALL

Event Category: USP

Event Type: Eliminations + finals

Number of teams: 16

Number Of Participants per team: 2

Total duration: 30 minutes + 90 minutes= 2 Hours + 30 minutes buffer

Event Description:

Get ready to put your guessing skills, pop culture knowledge and quick thinking to the ultimate test in **Know It All!** Battle it out across two exciting rounds-race against the clock to answer as many category-based questions as possible and take on Family Feud to match the crowd's answers!

ROUND 1- BEAT THE CLOCK**Rules and Regulations:**

1. At the beginning of the round, each team will be allotted a category placard according to their slots.
2. Once all teams have been allotted their categories, a 5-minute category trading period will begin.
3. Teams may trade their assigned categories with other teams during this period. A trade will only be considered valid if both teams mutually agree to the exchange and the OC is informed.
4. Once the 5-minute trading period ends, no further category changes or trades will be permitted.
5. Each team will have 60 seconds to answer as many questions as possible from their final assigned category.
6. The timer will begin immediately when the first question is asked.
7. Questions will be asked continuously in rapid-fire format until the 60-second timer ends. Teams may discuss answers among themselves, but only the designated spokesperson may give the final answer.
8. An answer given by the non-spokesperson will not be considered.
9. Teams may say "Pass" to skip a question. A passed question will not be repeated until all 20 questions in that category have been exhausted.
10. Each category will contain a total of 20 questions. Once all 20 questions have been asked, any questions that were previously passed may be repeated.
11. Correct answer = 1 point; wrong answer = 0 points; passed question = 0 points.
12. There will be no negative marking.

BUSINESS EVENTS

1. GROUP DISCUSSION

EVENT NAME: The Boardroom

Event Type: Direct Finals

No. of Participants: 8

Duration: 1.5 hours + 30 minutes buffer

Event Flow:

1. 8 different envelopes will be placed on 8 different seats.
2. Every participant is placed inside a fictional company's decision-making room and assigned a stakeholder role.

CASE: PROJECT VOLT

A successful company has developed an AI system that can perform 40% of its employees' work. If implemented, the company can save a huge amount of money and increase profits.

However:

- Large-scale testing has not yet been completed.
- Launching immediately could give the company a major competitive advantage.
- Delaying the launch could allow competitors to catch up.

Each participant receives a role card.

The role card contains:

1. Your position

Who you represent.

2. Your priorities

What matters most to you.

3. Your constraints

What you cannot compromise on.

Roles

1. CEO

Public responsibility: Overall company growth.

Priorities:

- Company survival & long-term growth

Objective:

Make the final decision while balancing all stakeholders.

Constraint:

Must maintain profitability and avoid damaging the company's reputation.

2. CTO

Public responsibility: Technology and feasibility.

Priorities:

- Successful AI implementation

Objective:

Push for technology adoption and prove its efficiency

Constraint:

Cannot compromise on AI safety, quality, or implementation timelines.

3. CFO

Public responsibility: Financial health.

Priorities:

- Financial stability

Objective:

Reduce costs and improve profits.

Constraint:

Cannot approve a plan that creates unsustainable short-term losses.

4. Investor Representative

Public responsibility: Protect investor capital.

Priorities:

- ROI

Objective:

Maximise company growth and shareholder value.

Constraint:

Cannot launch changes that reduce customer satisfaction.

5. CHRO

Public responsibility: Ensure fair treatment, reskilling, and support for employees.

Priorities:

- Employment & public welfare

Objective:

Protect as many employees as possible and negotiate reskilling or fair compensation.

Constraint:

Cannot agree to immediate mass layoffs without employee protection measures.

6. Sustainability Head

Public responsibility: Environmental impact.

Priorities:

- Responsible AI growth

Objective:

Ensure the AI transition is socially and environmentally sustainable.

Constraint:

Must consider the impact of job displacement and energy consumption.

7. Competitor Representative

This role makes the discussion particularly interesting.

The participant represents a major competitor that has been invited as an external strategic stakeholder/advisor.

Priorities:

- Gain a competitive advantage.

Objective:

Influence the market while protecting their own company's interests.

Constraint:

Cannot openly reveal confidential company strategies.

This participant must influence the discussion without revealing their true agenda.

8. Marketing & PR Head

Public responsibility: Maintain transparent communication and protect public trust.

Priorities: Brand reputation and public perception.

Objective:

Prevent backlash and maintain customer trust during the AI transition.

Constraint:

Must avoid actions that could lead to a boycott, negative media coverage, or public relations crisis.

ROUND 1 - PREPARATION

Time: 10 minutes

Participants are separated and given their individual role cards.

They cannot communicate with the other participants.

During these 10 minutes, they must:

1. Understand the case.
2. Understand their role.
3. Identify their primary objective.
4. Identify what decision they want.
5. Prepare 3–4 strong arguments.
6. Prepare counterarguments.
7. Identify which stakeholders will oppose them.
8. Prepare for possible developments.

ROUND 2 - THE BOARDROOM GD

Time: 15–20 minutes

All participants enter the discussion.

ROUND 3 -THE TWIST

Timing

At approximately 8–10 minutes into the GD, the moderator interrupts.

The moderator says:

BREAKING NEWS

The government introduces a new policy requiring companies that replace employees with AI to pay a special compensation or tax.

The timer stops for 30 seconds.

Participants receive the update.

Then the discussion resumes.

Judging Criteria:

1. Quality of Arguments :30
2. Business Understanding:15
3. Problem Solving :20
4. Adaptability to Twists:20

5. Leadership & Initiative :15

Rules & Regulations

1. The event is a direct final round with 8 participants, and each participant must perform the assigned CTO role.
2. Participants will get 10 minutes of preparation time and cannot communicate with other participants during this round.
3. Mobile phones, internet, AI tools, and external assistance are strictly prohibited during the event.
4. Participants must stay in character and argue according to their assigned company's priorities, objectives, and constraints.
5. Participants may disagree and challenge arguments but personal attacks, disrespectful behaviour and unnecessary interruptions are not allowed.
6. Every participant should get an opportunity to speak. Excessive domination or deliberately stopping others from participating may affect scoring.
7. When the moderator introduces the twist, participants must adapt their arguments based on the new information.
8. Participants cannot reject or ignore the information provided in the case or twist. Any change in their position must be logically justified.
9. At the end, all participants must work towards presenting a realistic joint decision, including the action plan, safeguards, timeline, and responsibility.
10. The moderator's and judges' decisions will be final. Rule violations, use of external assistance or serious misconduct may lead to penalties or disqualification.
