PROFESSIONAL SUMMARY

Founder of CrwdCtrl (www.crwdctrl.in) — youth event platform built and run with both tech and operations ownership. 10,000+ monthly active users; Android app live on Google Play Store (closed testing). Onboarded 15+ college fests and captured a strong Pune footprint across fests, treks, and run clubs. Also Administrator & Overall Coordinator of Aarohan, MIT-WPU's largest cultural fest (40,000+ footfall), with hospitality and end-to-end operations under my control.

SKILLS

Operations: Fest administration · Organizer onboarding · Hospitality & guest handling · On-ground logistics & check-in · Volunteer / team leadership (~200) · Stakeholder & vendor coordination · Day-of execution
Tech: React.js · Node.js / Express · MongoDB · Firebase Auth · REST APIs · Cashfree Payments · QR ticketing & check-in · Capacitor Android app (Play Store) · Git/GitHub · Vercel · Railway · Cloudinary

EXPERIENCE

Founder — Operations & Full-Stack | CrwdCtrl

Ongoing

Youth experience & event-tech platform · Pune · www.crwdctrl.in

- Built and scale CrwdCtrl to 10,000+ monthly active users — discovery, registration, payments, and check-in for college fests, competitions, treks, run clubs, and live events.
- Operations: onboarded 15+ college fests and multiple trek/run communities across Pune; captured a city-wide fest footprint by partnering organizers, supporting live event days, and managing the biggest campus fest operations we work with on the ground.
- For fest partners we deliver: public listing & discovery, dynamic competition/event registrations, Cashfree payments, QR tickets + email confirmation, organizer dashboards, participant & capacity management, media uploads, and on-ground QR check-in.
- Tech: designed and shipped the full stack — React frontend, Express + MongoDB APIs, Firebase Auth (email + Google), payment verification, and admin tools; deploy/maintain on Vercel, Railway, and MongoDB Atlas.
- Shipped the CrwdCtrl Android app (Capacitor), now live on Google Play Store Closed Testing and production-ready — so users and organizers can run discovery, registration, and event flows on mobile.

Administrator & Overall Coordinator | Aarohan, MIT-WPU

2023 – 2026

Largest cultural fest of MIT-WPU · Pune · End-to-end fest administration

- Served as Administrator of Aarohan — MIT-WPU's flagship cultural festival (40,000+ footfall) — with overall ownership of fest operations, hospitality, logistics, and day-of execution.
- Everything under my control across the fest: multi-day programming, venue flow, volunteer deployment (~200-person team), guest/VIP hospitality, helpdesk, escalations, and cross-team coordination for safe, on-time delivery.
- Owned hospitality end-to-end — participant reception, guest handling, and on-ground issue resolution — while aligning faculty, student bodies, sponsors, and vendors on schedules, permissions, and resources.

EDUCATION

MIT World Peace University, Pune

2023 – 2027 (Expected)

B.Sc. Computer Science (Cybersecurity) · CGPA: 7.85
